## WHILE JUMPING BOBS

Lime City Young Man was Badly Injured.

On Sunday evening, Lester Bauman, 12-years-old son of Christian Bauman, was badly injured. He fell in front of a team and was trampled by the horses and run over by the bobs.

He was terribly cut about the head and bruised about the body. Dr. Price of Stony Ridge, was called and attended his injuries; it being necessary to take 10 stitches in one of the wounds in his head.

The young man with several other boys had been having fun jumping sleighs and riding for short distances. It will be sometime before he will be able to be about.

## FIRE AT SCOTCH RIDGE

Davidson's General Store was Badly Damaged on Friday.

R. W. Davidson of New Rochester, is busy invoicing his stock of goods at that place and estimating the damage done to his store by a fire on Friday. He figures it at from \$1500 to \$2000, covered by insurance.

The conflagration resulted, it is thought, from the burning of soot in a chimney, the building being heated by a furnace in which soft coal is burned. The fact that the flames burst out on the roof near the chimney seems to bear this idea out.

A bucket brigade was hastily formed among the farmers in that section and the flames were extinguished after some good hard work.

About three-fourths of the 20x40 building was damaged and much of the stock spoiled by reason of the water used in extinguishing the fire. —Daily Sentinel.

## EXAMINE YOUR WHEAT BINS.

It behooves farmers and all others having grain, particularly stored in bins, to examine the grain to see if it is being ravaged by weevil or that it is bin burning, or if it has gone through this process.

Complaints come from the large grain centers that a large amount of wheat now being received is bin burned, and in many instances shipments show that weevil has been working in it to an alarming extent. This note of warning is sounded that those having wheat on hand can examine it and take such measures as possible to prevent further loss.

Last year the backward season delayed harvest, and as a result much wheat was threshed and stored in bins before it was in proper condition. This in many instances, has resulted in excessive heating, moulding and other conditions inimical to good quality. Examine your wheat and note carefully its condition.

Impure blood runs you down—makes you an easy victim for organic diseases. Burdock Blood Bitters purifies the blood—cures the cause—builds you up.

## GRAND MUSICAL

Entertainment to be given by the W. O. W. Band.

A grand musical entertainment for the benefit of the W. O. W. band will be given at the town hall Perryburg, February 27, on which occasion a programme of unusual merit will be given.

Manager J. C. Hahn announces that the programme will consist of numbers rendered by local talent and that the entertainment will conclude with a conical playette, which will give forty minutes of hearty laughter. The closing piece is a very pleasing farce, and is alone well worth the price of admission.

The Band is making preparation for a busy season and should receive the support of the citizens.

Don't fail to attend and encourage the band boys.  
Admission, 20 cents.

## STONY RIDGE.

Geo. Rhein and family of Hobart and J. Kurfis and family spent last Sunday with Frank Kurfis and family.

Wm and Sam Wagoner were Saturday evening guests of Henry Wagoner and family of Walbridge.

Walter Kurfis and Rollie Shook attended the box social held at Walbridge last Saturday evening.

## The Jumping Off Place.

"Consumption had me in its grasp; and I had almost reached the jumping off place when I was advised to try Dr. King's New Discovery; and I want to say right now, it saved my life. Improvement began with the first bottle, and after taking one dozen bottles I was a well and happy man again," says George Moore, of Grimesland, N. C. As a remedy for coughs and colds and healer of weak, sore lungs and for preventing pneumonia New Discovery is supreme. 50c and \$1.00 at Wm. Comstock & Son's, druggists. Trial bottle free.

## FT. MEIGS MONUMENT

To be Unveiled Sept. 2 During G. A. R. Encampment.

At the annual meeting of the Historical society held at the court house today, it was decided to hold the dedication exercises of the monument at the site of Fort Meigs, September 2, which will be during the G. A. R. encampment.

A resolution adopted by the society asking President Roosevelt to deliver the address will be sent to the nation's chief executive at once.

There was some discussion as to instructing the Fort Meigs commission to go before the legislature and ask for a state appropriation of \$10,000 to beautify the grounds and also to defray the expenses of the dedication which will be made an imposing ceremony, the more so if the President agrees to visit the encampment and deliver the dedicatory address in memory of the gallant defenders of the Northwest territory.

William Corlett, secretary of the commission, reported the fact of the purchase of the Fort Meigs tract, comprising 36 acres, for \$10,800. The contract for the erection of the monument was awarded to Lloyd Brothers of this city, and they have agreed to have it completed by August 1, next. The foundation has already been put in, ready for the erection of the granite shaft.

At the business session D. K. Hollenbeck, of Perryburg, and J. L. Pray and Dudley Watson Moore were re-elected trustees. Hollenbeck and Pray were re-elected respectively president and secretary, and William Corlett was elected vice president.

The meeting this afternoon was addressed by Rev. Cyrus Townsend Brady with an historical review. The Sons of the American Revolution had a lunch at Miller's and attended the afternoon meeting of the historical society in a body this afternoon. —Toledo Blade, Feb. 22.

## DEATH'S HARVEST

Mrs. Mary Ann Spilker died at her home in this township, at 2:45 a. m. on Sunday, Feb. 23, 1908. The funeral was held on Wednesday, at the Presbyterian church, by Rev. George Lowry. Interment in Ft. Meigs cemetery.

Mrs. Spilker's maiden name was Budd, and she was born in Germany 77 years ago last November, but came to this country when 14 years old. She had been a resident of Wood county for the past 42 or 43 years.

Her husband, Christian Spilker, who was a native of Germany, died in 1888. One daughter, Mrs. John Henry, of Perryburg, also preceded her mother to the grave. She is survived by the following children: Christian H., of Perryburg township; Mrs. Mary A. Libben of Toledo; Thos. Jefferson, of Iowa; W. F., of Middleton township; B. F., of Perryburg township; Edward, of Webster township; Caroline, of New York City; Charles Peter and Miss Flora, who reside at home.

She was a member of the Presbyterian church and was a most estimable lady, who leaves many friends to mourn her loss.

George Myron Kemp died Sunday morning at 8 o'clock at his home in Perryburg, after a five days' illness following a stroke of apoplexy. The funeral was held Wednesday afternoon at 2 o'clock at his late residence, Rev. Mr. Huddle of the Evangelical church, officiating. Interment was made in Fort Meigs cemetery.

The deceased was born in Grafton, Michigan, 46 years ago, the 26th of last August. He had been a resident of Wood county for the past 30 years.

For three years he served his country in the Civil war, being a valued member of the 26th O. V. I. Forty years ago, the 20th of this month, he was married to Anna Mathew, and of this union the following children, with their mother, survive him: Charles of Chicago; Mrs. J. C. Sitterer of Boulder, Col.; Mrs. M. C. Witzler of Pueblo, Col.; Mrs. Rose Davenport and George Kemp, Jr., who reside at home.

Mr. Kemp was an honored citizen of Perryburg, whose death has caused general regret. He was a member of the Masonic lodge at Monroe, Michigan. In the same place he also united with the Baptist church.

## CURRENT COMMENT

A few Observations and a Few Suggestions.

He is a street car conductor and makes no pretention at greatness, nor does he try to impress the public with the idea that he is the owner of the line, but he does give every evidence of knowing his business and taking pride in doing his work well and giving the passengers on his car the most careful and polite attention. He received the car at the Main street station after dark, and as soon as possible he passed through the car and lifted every window shade to the same line. The snow and dirt on the entrance vestibule he brushed out. Whenever a passenger signed to him to stop the car he SAW THE SIGN, any by a polite nod of the head, gave the passenger to understand that his wishes were understood. He was careful to see that every passenger who desired was provided with transfer, and he KEPT THE BACK DOOR OF THE CAR CLOSED. An old lady was assisted to alight from the car and a woman carrying a baby was helped on the car—and all the time the conductor seemed good natured.

Several citizens have expressed their approval of the Journal's suggestion that gates and a watchman be provided at the Main street crossing of the C. H. & D. R. R. Many parents have a feeling of dread, and carefully caution their children about that crossing.

Did it ever occur to the management of the Maumee Valley electric railway company that the service they are giving between Perryburg and Eekle Junction is but little better than no service at all? They run their car out to meet the limited trains which do not stop at the Junction, but for the local trains which DO stop at the Junction they occasionally connect and almost as frequently fail—not because of the lack of service by the men on the line, but by reason of the lack of attention or care on the part of the management. Why not run that line as it should be run, and with some regard for the accommodation of the public?

Some times towns like Perryburg are almost wiped out by fire, and all because the local fire department is unable to cover the entire territory that is burning. Perryburg has a splendid water supply, and our local firemen are capable and willing. But in case a great fire should get started and help were needed it would only be necessary for the nearest fire house in Toledo to load up a street car with additional hose which could be attached to our local hydrants—but. There's the trouble. When the hose arrived it would be discovered that the hose was a half-inch larger than Perryburg hose and would not fit the village hydrants. The purchase of two or three reducers which would enable the large hose to fit the small hydrants would cost only a few dollars, and the village should provide the local firemen with them. Perhaps they might never be used, which we all sincerely hope—BUT SUPPOSE THEY WOULD BE NEEDED and were not ready, the result would be a great loss of property which might have been avoided by the previous expenditure of a few dollars.

## CITIZEN

## PURE FEED FOR STOCK.

Shoepog meal and shuck feed will be a thing of the past, if a bill presented by George E. Reed, of this county, at Columbus, becomes a law. The new bill provides that not only should the chemical analysis of stock foods be placed upon the packages, but also the published formula should show how much rye, wheat, bran, cotton seed oil, corn cobs, etc., the feed contains.

It is claimed that there has been a great deal of adulterated feed on the market, and that stock feeders are very much interested in the passage of a law of this kind. It has the endorsement of the state board of agriculture, and there is not likely to be serious opposition to it.

## CH. Fuel for Warships.

The British admiralty is considering the possibility of supplanting coal with oil in the "mosquito" fleet, the swiftest of England's war boats. A fleet of naval tank steamers would keep the depots supplied.

## COURT HOUSE CULLINGS

The Jury Awards \$216.80 for killing a Horse.

The jury awarded a verdict of \$216.80 for killing a horse which got out of pasture and walked on the electric railway track. Ed Eckert was the plaintiff and it was claimed that through the neglect of Eckert's employes the horse got out of pasture through the gate leading from Eckert's stone quarry and that it was the duty of the defendant to keep the gate closed which he neglected to do. The case was tried in common pleas once before but was reversed by the circuit court, but plaintiff again secured a verdict on the second trial.

Alvin Frallick of Bradner, was bound over to common pleas court, from Justice Stump's court charged with stealing a blanket and other goods from a buggy, and stealing chickens. His bail was fixed at \$100 for petit larceny and \$500 for grand larceny. His father put up the bond.

Two cases are filed by the International Harvester Co. One against Isaac Shuler and one against George W. and Herman Loomis.

Bessie Flannigan has sued Anthony Flannigan for divorce, claiming cruelty and neglect.

Jennie Gregory seeks a divorce from Fred N. Gregory on the ground of wilful absence for the past eight years.

## WASHINGTON PARTY.

On the evening of February 22, Miss Lillian Hoffman entertained a party of friends, the occasion being a Washington's birthday celebration. The house was decorated with flags and festoons of the National colors. There were 26 guests. Elegant refreshments were served and the table decorations were very beautiful—a center piece of a stump of a cherry tree being very unique and appropriate. The place favors were carnations and hatches. The evening was made very enjoyable with music, games and various contests. Lela Hoffman and Edgar Hoffman as Martha and George Washington, served punch. The guests were Misses Mazie Rhoda, Lulu Inman, Lucile Barton, Hortense Davis, Ila Simmons of Perryburg, Angela Dickman, Eleanor Sattler, Antoinette Rensch of Toledo; Messrs Harry Van Norman, Allison Webb, Robert Hoffman, Frank Powell, Condi Lucas, Carol Pugh, John Amon, Harold Munger, Donald Finkbeiner, Donald Hampton of Perryburg, and Carl Hehl, Frank Impof and Albert Wagner of Toledo.

## THE NEW PLAY

Tatters. By the Perryburg Dramatic Co., St. Patrick's Day.

On March the 17th, the Perryburg Dramatic Co. will present at the Town Hall the 4 act Western Drama, "Tatters," written by Levin C. Tees.

This drama is full of life and is very evenly balanced. The play contains many comical situations and abounds in pathetic and daring scenes so characteristic of Western life. It is not one of those "blood and thunder" plays but will appeal to everyone. The Dramatic Co. is trying hard, and will, no doubt be as successful with "Tatters" as they were with "The Deacon." Remember the date, St. Patrick's Day, the 17th of March.

See next weeks issue of the "Journal" for programme and further information.

## THE MARCH WOMAN'S HOME COMPANION.

The March number of the Woman's Home Companion again captures public notice with its charming cover picture of a Japanese girl—one of the daintiest magazine covers that has appeared in years. This issue is the Spring-fashion number, and for it Grace Margaret Gould, the fashion editor, has prepared many delightful pages, illustrating in detail the advance spring styles.

Dr. Edward Everett Hale contributes a charming talk on "Home Reading," Kellogg Durland, the author of "The Red Reign," has an article of absorbing interest, entitled "Women of the Revolt," containing some heart-rending anecdotes of the part that certain brave women have played in the Russian Revolution.

## Neighborhood Favorite.

Mrs. E. D. Charles, of Harbor, Maine, speaking of Electric Bitters, says: "It is a neighborhood favorite here with us." It deserves to be a favorite everywhere. It gives quick relief in dyspepsia, liver complaint, kidney derangement, malnutrition, nervousness, weakness and general debility. Its action on the blood, as a thorough purifier makes it especially useful as a spring medicine. This grand alternative tonic is sold under guarantee at Wm. Comstock & Son's drug store. 50c.
